GENERAL PROXY INFORMATION

Solicitation of Proxies

The enclosed proxy is being solicited by or on behalf of the management of the Company. The solicitation is primarily by mail, but regular employees of the Company or its agents may also solicit proxies by telephone, facsimile, e-mail or in person. The costs of soliciting proxies by management will be borne by the Company.

To be valid, duly completed and executed proxies must be submitted to Marrelli Trust Company Limited, c/o DSA Corporate Services L.P. ("Marrelli Trust"), the Company's transfer agent and registrar, either in person, by fax, 1-416-360-7812 or by mail/ courier, to 82 Richmond Street East, Toronto, ON, M5C 1P1 or via the internet at www.voteproxy.ca. The proxy must be deposited with Marrelli Trust by no later than 10:00 a.m. (Toronto Time) on August 14, 2026 or, if the Meeting is adjourned or postponed, 48 hours (excluding Saturdays, Sundays and holidays) prior to the reconvened or rescheduled Meeting, unless the Chair of the Meeting elects to exercise his discretion to accept proxies received subsequently.

Appointment of a Proxyholder

A Shareholder has the right to appoint as his or her proxyholder a person, including himself or herself, or company (who need not be a Shareholder), other than the persons designated in the form of proxy accompanying this Circular (who are directors and/or officers of the Company), to attend and to act on the Shareholder's behalf at the Meeting. A Shareholder may do so by inserting the name of such person in the blank space provided in the proxy and striking out the other names or by completing another proper form of proxy and delivering such proxy within the time limits specified above.

Exercise of Vote by Proxy

The Shares represented by properly executed proxies will be voted, or withheld from voting, in accordance with the instructions of the Shareholder on any ballot that may be called for at the Meeting and, if the Shareholder specifies a choice with respect to any matter to be acted upon at the Meeting, such Shares

represented by properly executed proxies will be voted accordingly. **If no choice is specified with respect to any such matter, the persons designated in the accompanying form of proxy will vote in favour of the applicable matter being voted on.**

If any amendments or variations to matters identified in the accompanying Notice are proposed at the Meeting or if any other matters properly come before the Meeting, the enclosed form of proxy confers authority to vote on such amendments or variations according to the discretion of the person voting the proxy at the Meeting. As of the date of this Circular, management of the Company is not aware of any such amendments, variations or other matters to come before the Meeting other than the matters referred to in the Notice.

Registered Shareholders

If you are a Registered Shareholder, there are two methods by which you can vote your Shares at the Meeting, namely in person at the Meeting or by proxy. If you wish to vote in person at the Meeting, please do not complete or return the form of proxy included with this Circular. Your vote will be taken and counted at the Meeting. If you do not wish to attend the Meeting or do not wish to vote in person, properly complete and deliver a form of proxy not later than 10:00 a.m. (Toronto Time) on August 14, 2026 or, if the Meeting is adjourned or postponed, 48 hours (excluding Saturdays, Sundays and holidays) prior to the reconvened or rescheduled Meeting and the Shares represented by your proxy will be voted, or withheld from voting, in accordance with your instructions, as indicated in your form of proxy, on any ballot that may be called at the Meeting.

As a Registered Shareholder, you may vote by proxy by one of the following methods: (a) mail; (b) telephone or; (c) the Internet. Instructions for voting using each of these methods are detailed in the enclosed form of proxy and should be followed carefully.

A proxy must be in writing and must be executed by you as a Registered Shareholder or by your attorney authorized in writing or, if the Registered Shareholder is a company or other legal entity, by an authorized officer or attorney.

If you complete and return a blank proxy, your Shares will be voted: (a) in favour of fixing the number of directors to be elected at the Meeting at three (3); (b) in favour of the election of the persons the Company has nominated as directors; and (c) in favour of the re-appointment of KPMG LLP, as the Company's independent auditor and the directors of the Company fixing the auditor's remuneration.

The person to whom you give your proxy will decide how to vote on amendments or variations to the matters of business described herein and on any additional or different matters that may be properly voted on at the Meeting.

For the purpose of voting by proxy, proxies marked as "WITHHOLD" will be treated as present for the purpose of determining a quorum but will not be counted as having been voted in respect of any matter to which the instruction to "WITHHOLD" is indicated.

Marrelli Trust will deal with proxies received by it in a way that preserves the confidentiality of your individual votes. However, the Company will have access to proxies as necessary to meet applicable legal requirements, including in the event of a proxy contest, or in the event a Shareholder has made a written comment or submitted a question on the proxy.

Beneficial Shareholders

The information set forth in this section is of significant importance to many Shareholders, as a substantial number of Shareholders do not hold Shares in their own name.

If Shares are listed in an account statement provided to a Shareholder by a broker or financial advisor, then in almost all cases those Shares will not be registered in the Shareholder's name on the records of the Company. Such Shares will more likely be registered under the name of the Shareholder's intermediary. In Canada, the vast majority of such Shares are registered under the name of CDS & Co. (the registration

name for CDS Clearing and Depository Services Inc. (“CDS”), which acts as nominee for many Canadian brokerage firms).

There are two kinds of Beneficial Shareholders, namely: (i) those who object to their name being made known to the issuers of securities which they own (called “OBOs” for Objecting Beneficial Owners); and (ii) those who do not object to their name being made known to the issuers of the securities which they own (called “NOBOs” for Non-Objecting Beneficial Owners).

In accordance with National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“NI 54-101”) the Company has elected to deliver proxy-related materials indirectly through intermediaries for onward distribution to Beneficial Shareholders (unless they have waived the right to receive such materials). The Company does not intend to pay for intermediaries to deliver to OBOs the proxy-related materials. An OBO will not receive the materials unless the OBO’s intermediary assumes the cost of delivery.

Beneficial Shareholders who requested to receive the proxy-related materials will typically be given the ability to provide voting instructions in one of two ways. Usually a Beneficial Shareholder will be given a voting instruction form which must be completed and signed by the Beneficial Shareholder in accordance with the instructions provided by the intermediary. In this case, you cannot use the mechanisms described above for Registered Shareholders and must follow the instructions provided by the intermediary (which in some cases may allow the completion of the voting instruction form by telephone or the Internet). Occasionally, however, a Beneficial Shareholder may be given a proxy that has already been signed by the intermediary. This form of proxy is restricted to the number of Shares owned by the Beneficial Shareholder. In this case, you can complete the proxy and vote as described on the proxy.

The purpose of these procedures is to allow Beneficial Shareholders to direct the voting of the Shares that they own but that are not registered in their name. Should a Beneficial Shareholder who receives either a form of proxy or a voting instruction form wish to attend and vote at the Meeting in person (or have another person attend and vote on his/her behalf), the Beneficial Shareholder, in the case of a form of proxy, should strike out the persons named in the form of proxy as the proxyholder and insert the name of the Beneficial Shareholder or the name of such other person in the blank space provided or, in the case of a voting instruction form, follow the corresponding instructions provided by the intermediary. **In either case, Beneficial Shareholders should carefully follow the instructions provided by the intermediary and should contact the intermediary promptly if they need assistance.**

Proxies returned by intermediaries as “non-votes” because the intermediary has not received instructions from the Beneficial Shareholder with respect to the voting of Shares or because, under applicable stock exchange or other rules, the intermediary does not have the discretion to vote those Shares on one or more of the matters that come before the Meeting, will be treated as not entitled to vote on any such matter and will not be counted as having been voted in respect of any such matter. Shares represented by such intermediary “non-votes” will, however, be counted in determining whether there is a quorum.

Revocation of Proxy

Registered Shareholders

A Registered Shareholder executing the enclosed form of proxy has the right to revoke his/her/its proxy. A Registered Shareholder may revoke a proxy by depositing an instrument in writing, including another proxy bearing a later date, executed by the Registered Shareholder or by an attorney authorized in writing, at the registered office of the Company at any time up to and including the last business day preceding the day of the Meeting or in any other manner permitted by law. A Registered Shareholder attending the Meeting has the right to vote in person and, if he or she does so, his or her proxy is nullified with respect to the matters he or she has voted upon and any subsequent matters to be voted on at the Meeting.

Beneficial Shareholders

A Beneficial Shareholder may revoke a voting instruction form, or a waiver of the right to receive materials relating to meetings of Shareholders and to vote, given to an intermediary at any time by written notice to such intermediary. Beneficial Shareholders should follow the instructions of their intermediaries who may

set deadlines for receipt of instructions from the Beneficial Shareholder seven days prior to the Meeting, and possibly earlier, for the receipt of voting instruction forms or proxies. An intermediary is not required to act on a revocation of a voting instruction form or a waiver of the right to receive Meeting materials and to vote that is not received by the intermediary prior to the deadlines that such intermediary sets. As such, Beneficial Shareholders who wish to revoke their voting instruction form or proxy should contact their intermediary as soon as possible and well in advance of the Meeting.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

No director or officer of the Company, nor any person who has held such a position since the beginning of the last completed financial year of the Company, nor any proposed nominee for election as a director of the Company, nor any associate or affiliate of the foregoing persons, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted on at the Meeting other than the election of directors of the Company and as may otherwise be set out herein.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The Company is authorized to issue an unlimited number of Shares. The Shares are the only class of securities of the Company entitled to vote at the Meeting. As of the date hereof, 16,816,799 Shares were issued and outstanding, each carrying the right to one vote per Share at the Meeting.

Under the articles of the Company, a quorum of Shareholders is present at a meeting if at least two individuals are present in person, each of whom is entitled to vote at the meeting, and who hold or represent by proxy in the aggregate not less than 10% of the total number of shares entitled to be voted at the meeting. If any Share entitled to be voted at a meeting of Shareholders is held by two or more persons jointly, the persons or those of them who attend the meeting of Shareholders constitute only one Shareholder for the purpose of determining whether a quorum of Shareholders is present.

The board of directors of the Company (the "Board") has fixed the close of business on July 14, 2026 as the record date for the purpose of determining Shareholders entitled to receive notice of and vote at the Meeting.

To the knowledge of the directors and officers of the Company, no person or company beneficially owns, or controls or directs, directly or indirectly, more than 10% of the outstanding Shares except as follows:

Name of Holder	Number of Shares Beneficially Owned, Controlled or Directed, Directly or Indirectly as at July 17, 2026	Approximate Percentage of Outstanding Shares ⁽¹⁾
Largo Inc. ("Largo") (TSX: LGO) (NASDAQ: LGO)	11,048,300	65.70%
Delbrook Funds ⁽²⁾	2,000,000	11.89%

Notes:

- (1) Calculated on the basis of 16,816,799 Shares outstanding as at July 14, 2026.
- (2) "Delbrook Funds" refers collectively to certain funds for which Delbrook Capital Advisors Inc. serves as the investment fund manager, portfolio manager, or investment sub-advisor (as applicable), being the Delbrook Resource Opportunities Master Fund LP, Delbrook Resource Opportunities Fund and NextEdge Strategic Commodities and Metals Fund, as described in the alternative monthly report of Delbrook Capital Advisors Inc. dated October 3, 2022, from which the Delbrook Funds' shareholding information was obtained.

As at July 14, 2026, CDS & Co., the nominee of CDS, is the registered owner of 5,422,699 Shares, which represent approximately 32.25% of the issued and outstanding Shares. Certain principal shareholders disclosed in the previous table may hold certain of their Shares indirectly through CDS. The directors and officers of the Company understand that CDS holds these Shares as a nominee on behalf of various intermediaries and other parties but are not aware whether any person on whose behalf such Shares are held beneficially owns, or controls or directs, directly or indirectly, more than 10% of the outstanding Shares,

other than as disclosed in the previous table. The names of the Beneficial Shareholders holding their Shares through CDS are not known to the Company and its directors and officers.

VOTES NECESSARY TO PASS RESOLUTIONS

Pursuant to the *Business Corporations Act* (British Columbia), a simple majority of the votes cast is required to pass an ordinary resolution and two-thirds of the votes cast is required to pass a special resolution. At the Meeting, Shareholders will be asked to fix the number of directors to be elected at the Meeting, elect three (3) directors of the Company and appoint an auditor of the Company for the ensuing year while authorizing the directors of the Company to fix the auditor's remuneration. If there are more nominees for election as directors of the Company or appointment of the auditor of the Company than there are vacancies to fill, those nominees receiving the greatest number of votes will be elected or appointed, as the case may be, until all such vacancies have been filled. If the number of nominees for election or appointment is equal to the number of vacancies to be filled, all such nominees will be declared elected or appointed.

MATTERS TO BE ACTED UPON AT THE MEETING

1. Financial Statements

The audited consolidated financial statements of the Company for the fiscal year ended December 31, 2025 and the report of the auditor of the Company thereon will be placed before the Meeting (the "Annual Financials"). Receipt at the Meeting of the Annual Financials will not constitute approval or disapproval of any matters referred to therein.

The Annual Financials and the related Management Discussion & Analysis for the year ended December 31, 2025 are available upon request to the Company or under the Company's profile on SEDAR+ at www.sedarplus.ca.

Shareholders who wish to receive annual and interim financial statements should send a supplemental mailing list request form to Marrelli Trust Limited c/o DSA Corporate Services L.P., 82 Richmond Street East, Toronto, ON, M5C 1P1

2. Fixing the Number of Directors

The Company's articles allow the number of directors to be determined by ordinary resolution and do not provide for a minimum or maximum number of directors. At the Company's annual meeting held August 22, 2025, an ordinary resolution was passed fixing the size of the Board at five (5) directors, and the Board currently consists of five (5) directors. Each director is appointed to hold such office until the next annual meeting of Shareholders or until his or her successor is duly elected unless his or her office is earlier vacated in accordance with the articles of the Company.

The Company proposes to fix the number of directors at three (3), as current directors Francesco D'Alessio, Jonathan Lee and John Kanellitsas have indicated they are not standing for re-election.

Unless such authority is withheld, the persons named in the enclosed proxy intend to vote FOR fixing the number of directors at three (3).

3. Election of Directors

The three (3) persons listed on the following pages will be nominated for election as directors of the Company. Other than Daniel Tellechea, all proposed nominees listed below are now directors of the Company and have been since the dates indicated. **Unless authority to do so is withheld, proxies given pursuant to this solicitation by the management of the Company will be voted for the election of the proposed nominees listed below.** If any of the proposed nominees should for any reason be unable to serve as a director of the Company, the persons named in the enclosed form of proxy reserve the right to nominate and vote for another nominee in their discretion. A statement of the current principal occupation, a short biography, the record of attendance at meetings of the Board and its committees during the year

ended December 31, 2025 for each person nominated for election as a director of the Company is set forth below.

Other than as set out below, there are no contracts, arrangements or understandings between any director, any executive officer or any other person pursuant to which any of the nominees has been nominated.

Pre-Approval Policies and Procedures

In accordance with NI 52-110 and with the Audit Committee Charter, the Audit Committee has the sole authority to pre-approve: (i) all auditing services, including all engagement fees and terms; and (ii) all non-audit services, including certain tax services to be performed by the Company's independent auditor. The Audit Committee currently approves any such proposed audit and non-audit matters prior to the services being performed.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

The Board has adopted certain corporate governance policies to reflect the Company's commitment to good corporate governance and to comply with the corporate governance guidelines and requirements of the TSXV and provincial securities commissions. The Compensation and Governance Committee periodically reviews these policies and proposes modifications to the Board for consideration as appropriate. The Company considers good corporate governance to be central to the effective and efficient management and operation of the Company and the Compensation and Governance Committee is directly responsible for developing the Company's approach to corporate governance.

Under the rules of National Instrument 58-101 – *Corporate Governance Practices* ("NI 58-101"), the Company is required to disclose information relating to its system of corporate governance with reference to Form 58-101F2 - *Corporate Governance Disclosure (Venture Issuers)*. The Company has reviewed its own corporate governance practices in light of these guidelines. In certain cases, the Company's practices comply with the guidelines, however, the Board considers that some of the guidelines are not suitable for the Company at its current stage of development and in light of the nature of its business, and therefore these guidelines have not been adopted. NI 58-101 mandates disclosure of corporate governance practices, which disclosure is set out below.

The Company has separate management and Board functions in place. A summary of the responsibilities, activities and membership of each of the Committees are set out below.

Independence of Members of Board

The Board currently consists of five (5) directors, four of whom are currently independent based upon the tests for independence set forth in NI 52-110. Jonathan Lee, John Kanellitsas, Larry Ciccarelli and Erik Bethel are each considered to be, and Daniel Tellechea will be considered to be, an independent director of the Company. Francesco D'Alessio is not considered to be independent as he is an executive officer of the Company. The Board operates with two committees of the Board, namely, the Audit Committee and the Compensation and Governance Committee. Currently, all of the members of each of these committees of the Board are independent. Following the Meeting and the election of the proposed director nominees presented herein, it is expected that a majority of the members of each of these committees of the Board will be independent. The committees of the Board operate pursuant to written mandates which are reviewed, updated as appropriate and reconfirmed periodically by each of the respective committees of the Board and the Board.

Management Supervision by Board

The Board is comprised of a majority of independent directors. The independent judgment of the Board in carrying out its responsibilities is the responsibility of all directors of the Company. The Board facilitates its independent supervision over management of the Company by holding periodic meetings of the Board to approve various appropriate matters and discuss the business and operations of the Company. The Board has free access to the Company's external auditor, legal counsel and to any of the Company's officers. Directors are expected to attend Board meetings and meetings of committees on which they serve and to spend the time needed and meet as frequently as necessary to properly discharge their responsibilities.

Participation of Directors in Other Reporting Issuers

The Board has not adopted a formal policy limiting the number of directors who sit on a board of another public company but believes disclosure of other board memberships is important. Given that many of the directors have a variety of business interests, directors are required to disclose to the Board or any applicable committee thereof, any real or perceived conflict in relation to any matter or proposed matter to be considered and in such circumstances, it is the Board's policy that such directors excuse themselves from all deliberations on such matters.

Orientation and Continuing Education

While the Company does not have formal orientation and training programs, new Board members are provided with:

1. information respecting the functioning of the Board, committees and copies of the Company's corporate governance policies;
2. access to recent and historical publicly filed documents of the Company and the Company's internal financial information; and
3. access to management.

Board members are encouraged to communicate with management and the auditors and to keep themselves current with industry trends and developments. Board members have full access to the Company's records.

Ethical Business Conduct

The Board views good corporate governance as an integral component to the success of the Company and to meet responsibilities to shareholders.

Nomination of Directors

The Board has responsibility for identifying potential Board candidates. The Board assesses potential Board candidates to fill perceived needs on the Board for required skills, expertise, independence and other factors. Members of the Board and representatives of the industry are consulted for possible candidates.

The Board, taking into consideration recommendations from the Compensation and Governance Committee, considers its size each year when it considers the number of directors to recommend to the Shareholders for election at the annual meeting of Shareholders, taking into account the number required to carry out the Board's duties effectively and to maintain a diversity of views and experiences. All of the members of the Compensation and Governance Committee are independent directors of the Company. The Compensation and Governance Committee is responsible for reviewing and making recommendations to the Board concerning any change in the number of directors composing the Board. The nomination of the two (2) incumbent directors who are standing for election and the new proposed director, and the composition of the Board is appropriate for the Company at this time.

Compensation of Directors and CEO

The Board has responsibility for determining compensation for the directors and officers. The Compensation and Governance Committee is responsible for reviewing and making recommendations to the Board concerning the level and nature of the compensation payable, if any, to the directors and officers. The members of the Compensation and Governance Committee, Jonathan Lee, John Kanellitsas and Larry Ciccarelli, are each independent directors of the Company. Jonathan Lee is the Chair of the Compensation and Governance Committee.

The Company's compensation practices are set forth in the Company's statement of executive compensation for the year ended December 31, 2025, which is available on the Company's profile on SEDAR+ at www.sedarplus.ca.

Board Committees

Each committee of the Board operates pursuant to a written mandate which is reviewed and reconfirmed by such committee and the Board. The Board has established an Audit Committee whose mandate and composition are discussed in this Circular. The mandate of the Compensation and Governance Committee is described in this Statement of Corporate Governance Practices and in the Company's statement of executive compensation for the year ended December 31, 2025, which is available on the Company's profile on SEDAR+ at www.sedarplus.ca. As the directors are actively involved in the operations of the Company, the Board has determined that additional committees (other than the Audit and Compensation and Governance Committees) are not necessary at this stage of the Company's development.

Assessment

The Board monitors but does not formally assess the performance of individual Board members or committee members or their contributions.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

The Company does not currently have any convertible securities outstanding. In light of the nature of the Company as a vehicle offering investors direct exposure to physical vanadium, the Company does not intend to grant or issue security-based compensation, and accordingly, does not have any security-based compensation plans.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

Other than "routine indebtedness" (as defined in Form 51-102F5 – *Information Circular*), no directors, proposed nominees for election as directors, executive officers or their respective associates or affiliates, or other management of the Company were indebted to the Company as at December 31, 2025 or as at the date hereof.

MANAGEMENT CONTRACTS

The Company is party to certain agreements with third parties, pursuant to which third parties perform certain management services of the Company (the "Key Agreements").

Copies of the agreements and amendments thereto are filed under the Company's profile on SEDAR+ at www.sedarplus.ca.

The counterparties to the Key Agreements are compensated by the Company for the totality of the services they provide to the Company under the Key Agreements.

Amounts Paid under Key Agreements

Since the commencement of the year ended December 31, 2025, in connection with their respective services under the Key Agreements, the Company accrued payables to, or paid, SCP \$29,994, Term Oil \$44,991, and Largo (or its subsidiary Largo Clean Energy Corp. ("LCE")) \$74,985. These amounts were determined as set forth below.

Advisory Services Agreement

The Company is party to an advisory services agreement dated April 14, 2022 with SCP Resource Finance LP, 70 York Street, 12th Floor, Toronto, ON M5J 1S9 ("SCP") (formerly Sprott Capital Partners LP, a subsidiary of Sprott Inc. (TSX: SII) prior to a management-led buyout of Sprott Capital Partners LP announced May 4, 2023) and Term Oil, a vehicle controlled by Arthur Richards (Rick) Rule IV of Anacortes, Washington, as amended effective October 5, 2023 (the "Advisory Services Agreement"). Under the Advisory Services Agreement, each of SCP and Term Oil is responsible for:

- (a) providing marketing support for the Company;
- (b) directing its subject matter experts and spokespeople to promote the merits of investing in vanadium, via the Company, to its client base; and
- (c) providing client education and retail engagement (collectively, the "Marketing Services").

SCP's contribution to the Marketing Services is focused on institutional client development and general financial advisory, while Term Oil's contribution to the Marketing Services is focused on client education and retail engagement.

In addition to the Marketing Services, SCP is responsible for providing advice to the Board in respect of the Company's investment objective and overseeing the strategy and restrictions of the Company (the "Financial Advisory Services"). The Financial Advisory Services include recommendations concerning whether purchases of vanadium reflect market conditions at the time of such purchase and recommendations regarding share repurchase programs and capital raising initiatives, including at-the-market equity offering programs.

The Company pays SCP and Term Oil monthly fees for their services under the Advisory Services Agreement, which fees may be deferred pursuant to the terms of the Advisory Services Agreement and were deferred for the year ended December 31, 2025.

Under the Advisory Services Agreement, the Company is required to pay SCP on a monthly basis a fee of 0.20% per annum of the Company's net asset value ("NAV"), to be paid in monthly installments as one-twelfth (1/12) of 0.20% of NAV calculated based on the last valuation date of the applicable month (the "SCP Fees").

In addition, the Company is required to pay the following "Total Fees" amounts (being a monthly fee equal to one-twelfth (1/12) of 0.85% of the Company's NAV), on a monthly basis:

- (a) first, to the "Technical Advisor" (under the Technical Advisory Agreement) as a reimbursement to the Technical Advisor for its total costs in supplying the Chief Executive Officer of the Company;
- (b) second, to each of SCP, Term Oil and the Technical Advisor as a reimbursement for reasonable costs incurred in connection with their advisory services (in the case of SCP and Term Oil) or technical advisory costs (in the case of the Technical Advisor) incurred on behalf of the Company

in connection with the Advisory Services Agreement and the Technical Advisory Agreement, as applicable; and

- (c) third, to SCP, the SCP Fees and to Term Oil, an amount equal to 50% of the remaining Total Fees less the SCP Fees payable in respect of such period,

provided that (x) if there are insufficient Total Fees to reimburse Term Oil and SCP for all of their reasonable costs or the Technical Advisor for all of its reasonable costs pursuant to (b) above, each such party will be reimbursed in an equal proportion to the costs so incurred by such party, and any such shortfall in reimbursement shall be payable in the following month and (y) at its election, the Company may defer payment of all or any of the amounts pursuant to (c) above, in accordance with the terms of the Advisory Services Agreement.

The Advisory Services Agreement is for an initial term of two years from completion of the Company's qualifying transaction on September 15, 2022 (the "Qualifying Transaction") and will be automatically renewed for subsequent one-year renewal terms, other than in the case of the conditions specifically set out below.

Non-renewal of the Advisory Services Agreement by the Company requires approval by the independent directors of the Company and approval by a majority of the votes cast by Shareholders at a meeting at least six months prior to the end of the then-current term. In the case of a material breach of the Advisory Services Agreement by the Company that is not cured within the specified time period or a non-renewal by the Company:

- (a) prior to the fifth (5th) anniversary of the effective date of the Advisory Services Agreement, the Company is required to pay:
 - i. SCP a break-up fee in cash equal to the remaining amount of SCP Fees that would have been payable until the fifth (5th) anniversary of the effective date of the Advisory Services Agreement; and
 - ii. Term Oil a break-up fee in cash equal to 50% of the Total Fees that would have been payable until the fifth (5th) anniversary of the effective date of the Advisory Services Agreement; and
- (b) on or after the fifth (5th) anniversary of the effective date of the Advisory Services Agreement, the Company is required to pay Term Oil one-third (1/3) of 3% of the NAV as at the end of the then-current term.

In addition to the provisions applying to non-renewal, the Advisory Services Agreement contains certain customary termination provisions, including where any party is in breach of its obligations. In addition, it contains provisions to allow (but not require) either of SCP or Term Oil to carry on the services performed by the other party should the Advisory Services Agreement be terminated as against the other party.

During the term of the Advisory Services Agreement, neither SCP nor Term Oil is permitted to provide services similar to the services under the Advisory Services Agreement to another entity (directly or indirectly through its manager advisor or other party) that has an investment objective and strategy similar to that of the Company (namely, providing exchange-traded alternative for investors interested in holding physical vanadium).

Safekeeping Agreement

The Company is party to a safekeeping agreement dated April 14, 2022, as amended effective January 31, 2025 (the "Safekeeping Agreement"), with Storion Energy LLC ("Storion"), 5790 Shiloh Road, Alpharetta, GA 30005. Storion is a joint venture between Largo, through LCE, and an affiliate of Stryten Energy, LLC

and is the counterparty to the Safekeeping Agreement as a result of the assignment of the agreement by Largo to its affiliate on March 29, 2024 and subsequently by LCE to Storion on January 31, 2025.

Under the Safekeeping Agreement, physical vanadium is to be held, at the discretion of Storion in its capacity as "Safekeeper", either in the form of:

- (a) commercial vanadium products, including, without limitation, V_2O_5 , V_2O_3 or Ferrovandium, in powder or flake form stored in secure warehouse locations selected and managed by the Safekeeper. Costs associated with such storage facilities shall be for the account of the Company; and
- (b) vanadium sulfate salts (V_2SO_4), in aqueous form stored in secure tanks the locations of vanadium redox flow batteries ("VRFBs") which, during the period in which any vanadium is contained therein, shall be managed by the Safekeeper. The Safekeeper will have the right to enter into long term use contracts with the purchasers of the VRFBs for use of the vanadium, which contracts will yield fees for the storage and use of vanadium in vanadium redox flow batteries ("Storage Fees") for the Company,

provided that not less than 20% of the assets of the Company as of the last fiscal year end must be held in non- V_2SO_4 form.

All Storage Fees are to be passed through to the Company and the Company does not pay Storion for its services under the Safekeeping Agreement.

Storage Fees consist of the Company's portion of annual rental payments for the use by VRFB customers of the Company's vanadium (in VRFBs), which shall be no less than an amount equal to 1% of the market price of the Company's vanadium in such VRFBs (as determined in accordance with the Safekeeping Agreement), determined at the effective date of the applicable VRFB contract unless otherwise agreed upon by Company and Safekeeper in writing, provided that the Storage Fees shall not exceed \$2/lb. unless otherwise agreed upon by the Company and Safekeeper in writing.

The Safekeeping Agreement is for an initial term commencing January 31, 2025 and continuing until January 31, 2030 and will be automatically renewed for subsequent five-year renewal terms unless either party elects not to renew by giving written notice of such election to the other party not less than six (6) months prior to the end of the initial term or then-current renewal term.

Non-renewal of the Safekeeping Agreement by the Company requires approval by the independent directors of the Company and approval by a majority of the votes cast by Shareholders at a meeting at least six months prior to the end of the then-current term.

In the event of non-renewal by the Company or other such events specified in the Safekeeping Agreement:

- (a) the Safekeeper will continue to provide services in respect of existing long term use contracts with the purchasers of the VRFBs for use of the vanadium, but for any new contracts or warehoused vanadium; (b) the Company would be required to pay the Safekeeper a break-up fee in cash equal to one-third (1/3) of 3% of the Company's NAV as at the end of the then-current term; and (c) the rights and obligations with respect to services in respect of existing long term use contracts with the purchasers of the VRFBs for use of the vanadium and V_2SO_4 would survive.

During any renewal term (but, for greater certainty, not during the initial term), the Company may terminate the Safekeeping Agreement on three months' prior written notice, provided it pays the Safekeeper a break-up fee in cash equal to one-third (1/3) of 3% of the Company's NAV. The amounts payable in connection with such a termination are calculated based on the Company's NAV as at the last valuation date in the month immediately prior to the month in which notice of termination is given by the Company to the Safekeeper.

In addition to the provisions applying to non-renewal, the Safekeeping Agreement contains certain customary termination provisions, including where either party is in breach of its obligations.

During the term of the Safekeeping Agreement, the Safekeeper shall not provide services similar to the services under the Safekeeping Agreement to another entity (directly or indirectly through its manager advisor or other party) that has an investment objective and strategy similar to that of the Company (namely, providing exchange-traded alternative for investors interested to hold physical vanadium).

Technical Advisory Agreement

The Company is party to a technical advisory agreement dated April 14, 2022 with Largo, 55 University Ave, Toronto, ON M5J 2H7, as amended effective October 5, 2023 (the "Technical Advisory Agreement"). Under the Technical Advisory Agreement, Largo, in its capacity as "Technical Advisor", provides services comprising:

- (a) commercial advisory services with respect to the management of the movement and storage of vanadium products in accordance with reasonable standards of industry practice, and other means of optimizing the value of the Company's portfolio;
- (b) selection and supply of the Chief Executive Officer of the Company (whose appointment is subject to the approval of the Board under applicable corporate laws and applicable rules of the TSXV), who will provide services consistent with similar vehicles, and receive compensation consistent with similar vehicles;
- (c) commercial advisory services and limited agency services in respect of all of the Company's transactions involving the purchase and sale of vanadium products;
- (d) supporting the preparation of marketing material, including for roadshows and participation on investor calls;
- (e) subject to certain conditions, providing advice to the Board regarding current and forecasted market conditions for vanadium products;
- (f) coordinating communications between the Company and third parties in the vanadium products market; and
- (g) such other services as are reasonably ancillary to the items listed above.

The Company pays Largo monthly fees for its services under the Technical Advisory Agreement, which fees may be deferred pursuant to the terms of the Technical Advisory Agreement and were deferred for the year ended December 31, 2025.

Fees are determined in accordance with the fee provisions of the Technical Advisory Agreement, which provides that in consideration of the services to be provided by Largo as Technical Advisor, the Company is required to pay the following "Total Fees" amounts (being a monthly fee equal to one-twelfth (1/12) of 0.85% of the Company's NAV), on a monthly basis:

- (a) first, to the Technical Advisor as a reimbursement to the Technical Advisor for its total costs in supplying the Chief Executive Officer of the Company;
- (b) second, to each of SCP, Term Oil and the Technical Advisor as a reimbursement for advisory costs under the Advisory Services Agreement (in the case of SCP and Term Oil) or technical advisory costs (in the case of the Technical Advisor) incurred on behalf of the Company in connection with the Advisory Services Agreement and the Technical Advisory Agreement, as applicable; and
- (c) third, 50% of the remaining Total Fees to the Technical Advisor,

provided that (a) the Company is required to pay to the Technical Advisor (or to the appropriate governmental authority in accordance with applicable law) all applicable sales taxes, (b) if there are insufficient Total Fees to reimburse Term Oil and SCP for all advisory costs or the Technical Advisor for all

technical advisory costs each such party will be reimbursed in an equal proportion to the costs so incurred by such party, and any such shortfall in reimbursement shall be payable in the following month and (iii) at its election, the Company may defer payment of all or any of the amounts pursuant to (c) above, in accordance with the terms of the Technical Advisory Agreement.

The Technical Advisory Agreement is for an initial term of five years from completion of the Qualifying Transaction and will be automatically renewed for subsequent five-year renewal terms unless either party elects not to renew by giving written notice of such election to the other party not less than six (6) months prior to the end of the initial term or then-current renewal term.

Non-renewal of the Technical Advisory Agreement by the Company requires approval by the independent directors of the Company and approval by a majority of the votes cast by Shareholders at a meeting at least six months prior to the end of the then-current term. In the case of non-renewal, the Company would be required to pay the Technical Advisor a break-up fee in cash equal to one-third (1/3) of 3% of the Company's NAV as at the end of the then-current term.

During any renewal term (but, for greater certainty, not during the initial term), the Company may terminate the Technical Advisory Agreement on three months' prior written notice, provided it pays the Technical Advisor a break-up fee in cash equal to the sum of: (a) the lesser of (i) 50% of the Total Fees payable for the remaining term, and (ii) 50% of Total Fees for a period of 36 months; plus (b) 1% of the Company's NAV. The amounts payable in connection with such a termination will be calculated based on the Company's NAV as at the last valuation date in the month immediately prior to the month in which notice of termination is given by the Company to the Technical Advisor.

In addition to the foregoing provisions applying to non-renewal and termination, the Technical Advisory Agreement contains certain customary termination provisions, including where either party is in breach of its obligations or where an event of Force Majeure (as defined in the Technical Advisory Agreement) prevents the Technical Advisor from providing all or substantially all of the services thereunder persists for greater than ninety (90) days from receipt of notice of same.

During the term of the Technical Advisory Agreement, the Technical Advisor shall not provide services similar to the services under the Technical Advisory Agreement to another entity (directly or indirectly through its manager advisor or other party) that has an investment objective and strategy similar to that of the Company (namely, providing exchange-trade alternative for investors interested in holding physical vanadium).

Supply Agreement

The Company is party to a supply agreement with Largo dated April 14, 2022, as amended effective January 31, 2025 (the "Supply Agreement"), which provided for a contribution-in-kind by Largo in connection with the Qualifying Transaction, and provides the Company a right of first refusal with respect to unsold and uncommitted vanadium produced by Largo.

Under the Supply Agreement, the Company has the right to purchase: (a) up to 100% of the vanadium products produced by Largo and its affiliates at facilities owned by Largo and its affiliates, (b) that have not been specifically fabricated for third-party purchasers or committed under any of Largo's long-term supply contracts with third-party purchasers, and (c) that are produced in each applicable month (being the months of January through September, inclusive, in each year of the term of the Supply Agreement).

SCHEDULE A
AUDIT COMMITTEE CHARTER

See following pages.

AUDIT COMMITTEE CHARTER

This charter (the “**Charter**”) sets forth the purpose, composition, responsibilities and authority of the Audit Committee (the “**Committee**”) of the board of directors (the “**Board**”) of Largo Physical Vanadium Corp. (the “**Company**”).

Section 1 **Mandate**

The mandate of the Audit Committee is to:

- (a) assist the Board in fulfilling its oversight responsibilities in respect of:
 - (i) the quality and integrity of the Company’s financial statements, financial reporting processes and systems of internal controls and disclosure controls regarding risk management, finance, accounting, and legal and regulatory compliance;
 - (ii) the independence and qualifications of the Company’s external auditors;
 - (iii) the review of the periodic audits performed by the Company’s external auditors and the Company’s internal accounting department; and
 - (iv) the development and implementation of policies and processes in respect of corporate governance matters;
- (b) provide and establish open channels of communication between the Company’s management, internal accounting department, external auditor and directors;
- (c) prepare all filings and disclosure documents required to be prepared by the Committee and/or the Board pursuant to all applicable federal, provincial and state securities legislation and the rules and regulations of all securities commissions having jurisdiction over the Company;
- (d) review and confirm the adequacy of procedures for the review of all public disclosure of financial information extracted or derived from the Company’s financial statements, and to periodically assess the adequacy of those procedures; and
- (e) establish procedures for:
 - (i) the receipt, retention and treatment of complaints or concerns received by the Company regarding accounting, internal accounting controls or auditing matters, including, but not limited to, concerns about questionable accounting or auditing practices; and
 - (ii) the confidential, anonymous submission by employees of the Company of such complaints or concerns.

The Committee will primarily fulfil its mandate by performing the duties set out in Article 7 hereof.

The Board and management of the Company will ensure that the Committee has adequate funding to fulfil its mandate.

While the Committee has the responsibilities and powers set forth in this Charter it is not the duty of the Committee to plan or conduct audits, or to determine that the Company’s financial statements are complete and accurate or are in accordance with generally accepted accounting principles, accounting standards or applicable laws and regulations. This is the responsibility of Company’s management, internal accounting department and external auditors. Because the primary function of the Committee is oversight, the Committee will be entitled to rely on the expertise, skills and knowledge of the Company’s management, internal accounting function, external auditors and other external advisors and the integrity and accuracy

of information provided to the Committee by such persons in carrying out its oversight responsibilities. Nothing in this Charter is intended to change or in any way limit the responsibilities and duties of Company's management, internal accounting department or external auditors.

Section 2 Composition

The Committee will be composed of members of the Board, the number of which will be determined from time to time by resolution of the Board. The composition of the Committee will be determined by the Board such that the membership and independence requirements set out in the rules and regulations, in effect from time to time, of any securities commissions (including, but not limited to, the British Columbia Securities Commission) and any exchanges upon which the Company's securities are listed (including, but not limited to, the TSX Venture Exchange) are satisfied (the said securities commissions and exchanges are hereinafter collectively referred to as the "**Regulators**").

Section 3 Term of Office

The members of the Committee will be appointed or re-appointed by the Board on an annual basis. Each member of the Committee will continue to be a member thereof until such member's successor is appointed, or until such member resigns or is removed by the Board. The Board may remove or replace any member of the Committee at any time. However, a member of the Committee will automatically cease to be a member of the Committee upon either ceasing to be a director of the Board or ceasing to meet the requirements established, from time to time, by any Regulators. Vacancies on the Committee will be filled by the Board.

Section 4 Committee Chair

The Board, or if it fails to do so, the members of the Committee, will appoint a chair from the members of the Committee (the "Chair"). If the Chair is not present at any meeting of the Committee, an acting chair for the meeting will be chosen by majority vote of the Committee from among the members present. In the case of a deadlock in respect of any matter or vote, the Chair will refer the matter to the Board for resolution. The Committee may appoint a secretary who need not be a member of the Board or Committee. Attached as Schedule A hereto is a position description of the Chair.

Section 5 Meetings

The time and place of meetings of the Committee and the procedures at such meetings will be determined, from time to time, by the members thereof, provided that:

- (a) a quorum for meetings will be two members, present in person or by telephone or other telecommunication device that permits all persons participating in the meeting to speak to and hear each other. The Committee will act on the affirmative vote of a majority of members present at a meeting at which a quorum is present. The Committee may also act by unanimous written consent in lieu of meeting;
- (b) the Committee may meet as often as it deems necessary, but will not meet less than once annually;
